★ TECHNOLOGY REMINDER

- We are reminding all our students of the following tech rules:
 - Phones are to be turned off between 7:30-2:45 pm
 - Phones are to be kept in backpacks (not in pockets or jackets)
 - If a student is caught with their phone, the policy is:
 - 1st infraction: phone taken for the class period
 - 2nd infraction: phone taken for the day and **parents will receive an email from the team**
 - 3rd infraction: phone taken to office and student has a conversation with administration.
 - 4th infraction: phone taken to the office and a parent needs to pick up the device.
 - If you need to contact your student during the school day, please call the front office. They will deliver the message.
 - If you are texting your student, it is disrupting our phone policy and can create uncertainty when students are communicating information that is unknown to the teacher/school.

May 2-6

Final Exam (May 18 - 20) - To prepare for the final exam, all math classes will spend part of team time each week reviewing concepts from the school year. Each student was given a review packet.

This week we will focus on Ratios & Proportions.

- Math 7 review problems #23-30
- Accelerated Math 7 review problems #29-37

All math students will be studying probability this week. There will be a short quiz on Friday covering this topic.

-Science  - with Ms. Swiryn

gswiryn@dcsdk12.org

Big Idea: What underlying forces explain the variety of interactions observed in the world (Universe)?

MOST of their content grade for their Balloon Car race will come from their **WRITTEN REFLECTION (not the car's performance). This is due Tuesday. It's one sheet of paper that they will turn into the mailbox.

BLOCK DAY- Online Quiz covering all of Newton's Laws

We will finish out the year looking at forces that act at a distance. Gravity as well as Electric and Magnetic forces. We will explore force fields and how the strength of the force changes.

Social Studies

Students have been collecting information on how to define the system of Feudalism. As they have been moving along we have learned about the when and why of Feudalism as well. Ultimately, students will have to explain how invasions led to this government system and why people during this time also built castles to reinforce the system. This Friday we will have a skill based quiz using the information we have collected. I encourage students to please come see me if they are missing any pages from the Feudalism Unit so they can be successful.

Thank you for all your support at home. If you would like to contribute to the classroom I would greatly appreciate it. A few supplies we run through quickly are:

- Colored Pencils
- Crayons
- Scissors
