I wanted to take a moment to say farewell to our *Terrific Trekker* families! Thank you for your endless support during this unpredictable school year. I am so happy that we were able to end it all together. Getting to know your children has been an incredible blessing. In time, as we reflect back on the 2020 - 2021 "pandemic" school year, what I will remember most is your children's diligence, flexibility, grace, and humor. They have forever touched my heart! Wishing your families a summer filled with relaxation, laughter, and adventures.

Take good care!

SOCIAL STUDIES - Christofer Kappler - ckappler1@dcsdk12.org

Thank you for sharing your amazing kids with us this year! It has been such a crazy year and we could not have done it without your support. The kids have shown such strength and perseverance in overcoming all the strange schedules and online school being thrown at them. I know they will be stronger in many ways from their experiences this year. They continue to impress me even up to the last week that they have not given up caring. I hope everyone has a wonderful and relaxing summer. The Trekkers earned it!
